

SANCTIONS ASSISTANCE FUND FOR EMERGENCY RELIEF (SAFER) GRANT APPLICATION

The National Employment Lawyers Association (NELA) established the Sanctions Assistance Fund for Emergency Relief (SAFER) to assist employee rights advocates in defraying the costs and expenses associated with defending against sanctions motions and awards that can cripple their practices. The Fund does not provide grants for payment of sanctions awards themselves. The purpose of the Fund is to encourage practitioners to take positions and make arguments on behalf of their clients that will advance the law, even in the face of the hostile environment workers' rights lawyers and their clients often encounter in the courtroom. It is NELA's priority to award SAFER grants in workers' rights cases in which the applicant is defending against a sanctions motion or award where the issue(s) involved raise(s) serious concern regarding access to justice for employees and/or the due process rights of the applicant. While NELA does not anticipate that it will be able to fund every SAFER grant request, nor will SAFER awards fully defray the often sizeable costs associated with threatened or actual sanctions, we believe that providing support in such cases will make a difference to lawyers and their clients, even if the amount of the award is small compared to the existing need. SAFER is not funded by NELA membership dues, and relies upon voluntary contributions for support. Grant applications are reviewed on a monthly basis.

NELA is the largest professional membership organization in the country comprised of lawyers who represent workers in labor, employment, and civil rights disputes. Founded in 1985, NELA advances employee rights and serves lawyers who advocate for equality and justice in the American workplace. NELA and its 68 circuit, state, and local Affiliates have a membership of over 3,000 attorneys who are committed to working on behalf of those who have been illegally treated in the workplace. For information about NELA and our services to help employee rights practitioners with ethics and sanctions issues, visit www.nela.org.

Since funds available through SAFER are limited and not every grant application will be awarded, in fulfilling NELA's mission, SAFER grant applicants, whether successful or not, will be offered an opportunity for an informal consultation with a member of NELA's Ethics & Sanctions Committee.
